K. F. RYNALSKI

SUCCESSOR TO
T. S. HUBBARD CO.
FREDONIA, N. Y.

Our Specialty

For over forty years, while in the employment of the T. S. Hubbard Company, I have made the growing of high grade Grape Vines a specialty. Now as successor to the T. S. Hubbard Company my aim is to keep up the company's standards, which can truthfully be called the Chautauqua Standard. For sixty-three years the T. S. Hubbard Company established an immense business and wide acquaintance for accuracy in varieties, grading to the highest standard, and promptness in filling orders, and it is my supreme aim to uphold their standards in every respect.

LOCATION—Three miles south of Dunkirk, forty miles west of Buffalo, on the New York Central Lines and Erie Railroad.

PACKING done in the most thorough manner.

TIME OF SHIPMENT—October 1 to June 1. Our stock being stored in cellars, can be safely sent by mail or express during winter, or by freight, with special care in packing.

WE NEVER SUBSTITUTE, but we reserve the right to fill orders for one-year vines with older vines of the same size, unless instructed to the contrary, and for two-year vines with extra large one-year of the same size as the two-year.

SAMPLES will be mailed to those wishing to purchase in quantity, at 100 rates with 15 cents added for postage on three one-year vines, and 25 cents on three two-year vines.

ACCEPTANCE OF ORDERS—It is mutually understood and agreed between the purchaser and us that all orders accepted by us are subject to the following conditions, viz:

1. We guarantee all stock to be in good healthy condition at the time and point of shipment.
2. We shall not be held liable for loss of or damage to stock in transit.

3. We warrant all stock true to name and of quality represented, with the express understanding and agreement with the purchaser that, should any prove not true to name it will refund the money paid, or will replace with other stock, but shall not be liable to damages other than herein named.

4. The purchaser waives all claims and damages against us resulting from failure to fill orders where delivery is prevented by the loss of our stock by fire or the elements before shipment.

5. All orders shall be filled subject to the above conditions.

TERMS

CASH with the order, or satisfactory references from unknown correspondents.

INTEREST charged on all bills overdue.

IF TO BE SHIPPED C. O. D., one-fourth of the bill or satisfactory references required with order from unknown correspondents; return charges on money to be paid by buyer.

AS THE SEASON advances we are likely to be short of some varieties and we reserve the right to advance the prices without notice.

We advise our customers to order early.

GRAPE VINES

We can furnish one year medium vines, a grade smaller than number ones and suitable for mail trade or lining out, at 70% the price of one year number one.

Also can furnish three year vines; heavy, in nearly all leading kinds at half additional to price of two-year number one.

Weight of vines packed for shipment:

1-year No. 1, about 140 to 180 pounds per 1,000

1-year No. 2, about 100 to 150 pounds per 1,000

2-year No. 1, about 280 to 350 pounds per 1,000

These are about the average weights for a single thousand, including box. Where a number of thousand are shipped in the same box, the weight will average from one-fifth to one-third less, according to quantity.

We will quote freight or express rates to any point on application.

COPY OF CERTIFICATE OF INSPECTION

A Certificate of Inspection will be sent with every shipment and where State laws require it stock will be fumigated with hydrocyanic gas of the strength usually employed for that purpose.

NEW GRAPES

Originated at the New York State Experiment Station.

PORTLAND and ONTARIO are proving valuable early white grapes both for home and market.

FREDONIA the best early black grape now grown . . . not excepting Moores.

SHERIDAN, black, large, handsome bunch ripening a few days after Concord. Fine quality and good shipper.

BROCTON, a late white grape, is of very high quality, productive, and hardy.

URBANA, a large, late red grape, is of very high quality and a good shipper.

Small Fruits

In connection with our specialty, Grape Vines, we also grow a large stock of small fruit plants including all leading, well tested varieties.

SPECIAL NOTICE

We urge early orders to insure their being filled in full, before our assortment is broken.

1 Yr. No. 3 GRADE, SUITABLE FOR LINING OUT, in nursery row in leading varieties: Grapes, Currants and Gooseberries. These are healthy, well rooted plants and more sure to grow, therefore cheaper to plant than cuttings also suitable for mail trade. Send want list for special prices.
